City and State Labor Unions.

The call for the meeting was issued by President M. H. H. Madden of the State Federation of Labor, and sets forth that ...will be made against the hiring ...armed forces in existing diffi... between the American Railway Union and the railway corporations in violation of the statutes of Illinois and such other action taken as may be deemed necessary to secure and maintain the rights of labor and conserve the peace and welfare of the public.

Considerable excitement has been caused by the announcement that there were 2,000 men coming to Chicago to-morrow over the Chicago and Grand Trunk from Canada to take the places of the American Railway Union men.

Debs Invokes the Law.

President Debs, acting in conjunction with the different labor organizations, has notified the authorities that any shipment of men from Canada to this city by the railroads will be a violation of the alien contract labor law. The authorities will be held responsible by the railway union and in case the men are not stopped at the border legal action against the Chicago and Grand Trunk will be taken.

Telegrams were received from over 200 points to-day announcing to the executive board that the men had struck and had tied up the yards. The coach cleaners and car repairers on the Chicago and Northern Pacific who returned to work this morning were again induced to strike late this afternoon.

Chicago Managers Open Headquarters

The roads comprising the Chicago General Managers' Association have opened headquarters in the Rookery building, where reports are received from the various roads as to the progress of the fight. An employment bureau is also located there, and information of the doings of the association is given to the public. It is the general opinion among railroad officials that the A. R. U. in attempting to tie up all the roads in the United States that carry Pullman sleepers and incidentally those that do not, has undertaken a herculean task. Meetings are held daily. On the Monon the report is made that no trouble was had beyond that at Hammond, and that the statement that Judge Baker had informed the Monon that if they cut off the Pullman cars they would be given protection, which was sent out by the Associated Press from Indianapolis last night, is untrue, and that Judge Baker has not been applied to by either side. All is quiet on the Lake Shore and Michigan and the New York Central.

United States Marshal Arnold swore in 20 more deputies to-day to protect the property of the Santa Fe Railroad company from interference from the strikers. To-night the total number was increased to 60 and an effort will be made by the road to resume operations with new men under the protection of the United States courts.

On the Pacific Coast.

Fully ten thousand employes of the Southern Pacific company are taking part in the strike on the coast. No trains have moved for two days, and post-office officials are in grave doubts as to the outcome of the situation. They have never before been called upon to face similar conditions. Mail matter continues to pile up on trains until at the present time after 48 hours experience with the strike they are confronted with 15 cars of mail on stalled trains. The peculiarity of the situation is that the mail authorities here are wholly at sea as to what they should do in the matter. Attorney-General Olney has instructed United States Attorney Garter to enforce the laws prohibiting the obstruction and delay of the United States mails. Should the tie-up be disastrous to growers and shippers of fruit. There was very little change in the continue for only a few days longer it will situation on the Santa Fe system at San Diego. Last night a meeting of San Diego and National City unions of the American Railway Union was held and after a full discussion resolutions were unanimously adopted endorsing the action of President Debs.

All Right at St. Paul.

Every train on the Chicago, Milwaukee and St. Paul, Omaha Great Western, Northern Pacific and Wisconsin Central left St. Paul exactly on time to-night hauling Pullmans. The Northern Pacific was only 10 minutes late in leaving for Fargo. At the Northern Pacific offices it was stated this evening that all trains would be resumed with as great haste as possible. The Iron Mountain and the Missouri Pacific men at St. Louis quit at 12 o'clock to-night. The blocking of the Gould system means a total suspension of business for the South and Southwest. The flagmen on all the roads entering Cincinnati joined the strikers this morning. The freight handlers are all out with the exception of those of the Pennsylvania and C. N. O. and T. P. roads.

Situation at Kansas City.

Kansas City, Mo., June 29.—The boycott on Pullman cars on the Santa Fe railway which was endorsed in Kansas City with complete success by the American Railway Union from 9 a. m. until 6 p. m. yesterday, was not successful to-day, the Santa Fe company having sent out its passenger trains on time with the usual number of Pullman cars. The freight traffic however of the company in Kansas City and Argentine is totally stopped.

At 12 o'clock last night the switchmen employed in the Argentine yards stopped work and notified the night yardmaster that they would not resume their work so long as the company handled Pullman cars on its passenger trains. One switch engine out of about 20 is at work in the Argentine yards, and it is only handling cars used by or destined to the Kansas City Consolidated Smelting and Refining company. Less than 20 men are working in the shops, the assistant master mechanic having posted notice that the shops would be closed until July 2, and that no man would be expected to work but those personally notified to do so by their foreman. Twenty-six United States deputy marshals are stationed in or about the Santa Fe yards or about the offices and buildings belonging to the company. Everything is absolutely quiet at Argentine. The Santa Fe yards are practically deserted.

There was no through train on the Santa Fe line from the West to-day, but a short train came in from Dodge City about 7 o'clock, picking up a Pullman from Galveston at Newton. Two trains were made up and started out for Chicago to-day.

At Cincinnati

Cincinnati, June 29.—The flagmen on all the roads joined the strikers this morning leaving the crossings unprotected.

Strike Manager Phelan said he would have the engineers, firemen and telegraph operators out at the proper time.

Important action was taken at a conference of railroad officials this morning and at noon a notice was posted giving the strikers until 7 o'clock to-morrow morning to return to work or they will be considered out of the service, and if found trespassing on the company's property will be arrested. The freight handlers are all out with the exception of those of the Pennsylvania and C. N. O. and T. P. roads. The chief of police held a number of men in reserve to-day at the different stations to be in readiness in case they were needed at the camp of Kelly's army or any of the depots where the strikers were liable to create trouble.

Situation at Denver.

Denver, June 29.—All was quiet in local railway circles to-day, the Atchison making no attempt to send out passenger trains with Pullmans attached.

Meetings of the A. R. U. lodges will be held to-night to consider the situation.

At Pueblo when the west-bound express from Denver on the Rio Grande arrived at 12:30 p. m. a crowd of switchmen and firemen surrounded the train and before the officials could interfere the sleeper was cut out. The officials managed to recouple the cars later on, and after a short delay the train continued westward. All other trains are running regularly upon this line.

Jeffery's Straight Talk.

Denver, June 29.—To-day President Jeffery of the Denver and Rio Grande received a telegram from a committee of employes in Pueblo asking his policy in the matter of the boycott of Pullman cars. He replied that the company has no relation whatever with the dispute, but "I do know that the Denver and Rio Grande Railroad company earnestly strives to serve the public in an acceptable manner and to treat its men equitably and justly and it is entitled to loyal and efficient service in return and also to the support of its employes in carrying out the terms of all lawful contracts heretofore made by the company.

Olney is Thinking.

Washington, June 29.—Assistant Postmaster-General Jones and James E. White, general superintendent of railway mail service, had a conference with Attorney-General Olney this evening on the strike so far as it affected the free passage of the mails. It is understood some vigorous action was discussed.

Union Pacific Tied Up.

Trinidad, Colo., June 29.—The Union Pacific and Gulf road runs upon the Denver and Rio Grande tracks between this place and Pueblo, and at 2 o'clock to-day members of the American Railway Union refused to handle any more cars on that district, thus stopping Pullman traffic on the Gulf route.

All trains are still tied up on the Atchison line.

General on the A. & P.

Albuquerque, N. M., June 29.—The strike became general this morning on the Atlantic and Pacific. No passenger or freight trains have been from the East in the last three days.

Eastern Illinois.

Danville, Ill., June 29.—The Danville Lodge of the American Railway Union held a crowded meeting in this city to-day. It was decided to have a general strike on the Chicago and Eastern Illinois railroad commencing at 6 o'clock this evening.

The Local Situation.

So far the big railroad strike has not affected this city greatly. The Santa Fe is the worst tied up of the roads. It ran nothing but locals yesterday, which do not carry Pullman sleepers. Yesterday afternoon a meeting was held at Colorado City of the lodge of American Railway Union to decide whether they would strike. There are about 90 members of the union in Colorado City and about 100 in Leadville, on the Western branch of the road. It was reported in this city last night that the men had decided to strike to-day. This will tie up the Midland. Local agents received notice yesterday not to sell tickets for points along the Southern Pacific and Santa Fe. The Rock Island train went out from here last night with its two sleepers, but it was two hours late in getting started. The Rio Grande trains were going through yesterday, but what became of them afterwards it was impossible to learn at this point. The afternoon train it was said got through to the West with its sleeper, after three hours' delay in Pueblo. The Fort Worth people reported their trains all right yesterday afternoon, and did not anticipate trouble.

STATE CONVENTION.

Large Number of Delegates—The Executive Committee Appointed.

The State Central Committee at its meeting Thursday and yesterday resolved to hold the State convention at Denver Sept. 12. The basis of representation is one delegate for every fifty votes cast for Helm for governor in 1892. On this basis each county is entitled to the following number of delegates: Arapahoe, 235; Archuleta, 5; Baca, 6; Bent, 6; Boulder, 30; Chaffee, 18; Cheyenne, 5; Clear Creek 14; Conejos, 20; Costilla, 13; Custer, 9; Delta 8, Dolores, 9; Douglas 10; Eagle, 9; Elbert, 7; El Paso, 53; Fremont 17; Garfield, 16; Gilpin, 12; Grand, 5; Gunnison, 15; Hinsdale, 12; Huerfano, 17; Jefferson, 18; Kiowa, 5; Kit Carson, 5; Lake, 23; La Plata, 15; Larimer, 22; Las Animas, 25; Lincoln, 5; Logan, 9; Mesa, 14; Mineral, 11; Montezuma, 6; Montrose 9; Morgan, 7; Otero, 13; Ouray, 9; Park, 10; Phillips, 8; Pitkin, 14; Prowers, 7; Pueblo, 51; Rio Blanco, 5; Rio Grande, 11; Routt, 10; Saguache, 10; San Juan, 5; San Miguel, 8; Sedgwick, 6; Summit, 9; Washington, 7; Weld 30; Yuma, 7—918.

Women Committeemen

Chairman Howbert was given authority to appoint five women on the executive committee, and he named the following.

Mrs. Peavey, Arapahoe county; Mrs. Sheets, Fremont county; Mrs. Eldridge, El Paso county; Mrs. D. Dodge, Boulder.

The chairman was authorized to appoint a secretary, assistant secretary and assistants. He appointed W. D. Todd, who has been temporary secretary for some time, to be permanent secretary.

Mrs. Frank Hall was appointed assistant secretary, to have charge of the women's department.

From to-day on the headquarters of the Republican committee will be at room 12, Masonic building.

On motion of Mr. Hodges of Garfield county, the chairman was directed to make the call for the convention broad enough so that all could join—"Democrats and all who wish to establish a State government in Colorado again."

The motion was carried by a unanimous vote.

A vote of thanks was tendered to Mrs. Foster for her work in the good cause.

L. N. White resigned as committeeman from Ouray county, and Robert J. Derry was appointed in his place.

Equal Suffrage Convention.

Denver, June 29.—The State Equal Suffrage convention met in the Unity church to-day with Mrs. John L. Routt president in the chair. After the president's address had been read Mr. Henry Blackwell of Massachusetts addressed the meeting. Discussions ensued upon the initiative and the referendum law, upon child labor and the age of consent.

In the afternoon memorial services over Mrs. Lucy Stone were held, at which Mrs. Phoebe Couzins of St. Louis and local women made short speeches.

AT LAST.

The Tariff Bill Out of Committee of the Whole.

DEBATE AGAIN ON MONDAY.

The End is Not Yet in Sight—More Debate, Then A Conference, Then More Debate Again—Tom Watson is Squelched.

Washington, June 29.—The tariff bill, after an incubation period of 13 weeks in Committee of the Whole, was to-day taken out of committee and reported to the Senate. The bill and amendments were ordered to be printed and will come up for the action of the Senate on Monday next at 10.30 a. m. Then all the important amendments that have been agreed to and some that are yet to be offered will have to be acted on and will be also open to further debate.

When the bill was taken up to-day the only section that remained to be acted on was the one abrogating the reciprocity commercial arrangements and that section was, after a long debate, modified so as to read "nothing herein contained shall be held to abrogate the reciprocity of commercial arrangements except such arrangements as are inconsistent with the provisions of this act." It was agreed to without a division, and then a motion to lay the section on the table was rejected—yeas 24, nays 31. An amendment which was offered by Mr. Peffer to impose a tax of $50 per head on immigrants drew from several Senators declarations in favor of laws to restrict immigration, and was then laid on the table 16 to 12. An amendments by Mr. Gallinger (Rep.) of New Hampshire that the act shall not be operative as to Canada until that country shall have entered into commercial arrangements that will result in a material reduction of duties on American products and manufactures was also rejected—yeas 23, nays 30. Then some paragraphs that had been reserved were disposed of as well as a large number of new amendments reported from the Finance committee (generally of minor importance) and the bill was finally, to the intense relief of Senators on both sides, reported to the Senate.

The joint resolution extending the general appropriations for 30 days was passed signed by the Speaker and the Vice President and sent to the President of the United States.

An invitation to the Senate to attend a religious service at St. Matthew's church in Washington next Sunday in memory of the murdered president of France, was received from the Secretary of State and accepted; and the Vice-President was instructed to make proper arrangements therefor.

The Senate at 6 p. m. adjourned till Monday.

House.

Quite unexpectedly to-day a contested election was precipitated upon the attention of the House. Mr. Thomas Watson of George, the well-known Populist member of the 52nd Congress, was declared not to have been elected to the 53rd Congress from the Third district of that state, and Mr. J. C. Black was confirmed in his title to the seat.

The case was called up by Mr. Pence (Pop.) of Colorado, who stated that he did so for the purpose of asking unanimous consent that when the case was considered Mr. Watson might be heard for an hour in his own behalf. He then moved that the case be postponed until Monday afternoon at 2 o'clock. At first the Democrats were inclined to vote against consideration of the case at all to-day, but acting under the advice of Speaker Crisp they united with the Republicans and voted to proceed with its consideration. Failing in his effort to secure the desired postponement Mr. Pence began filibustering, in which he was aided by the Republicans generally and the Populists, which had the effect of impelling the committee on Rules to bring in an order for an immediate vote upon the resolutions of the Committee on Elections. After all of the preliminary expedients for delay permissible under the rules had been exhausted the order was adopted and the resolution of the committee agreed to as stated.

A Senate bill was passed to relieve the sureties of Dennis Murphy, a paymaster in the army at the beginning of the war. The claim against Murphy was merely technical, but the passage of the bill was essential to the closing up of the estate of the father of Senator Faulkner of West Virginia, who was on Murphy's bond. A Senate bill was also passed transferring to the State of North Dakota for the use of the militia the wooded portion of Fort Totten military reservation in that State.

A joint resolution was also agreed to providing for the printing of 500,000 copies of the report of the Secretary of Agriculture for the year 1894. The usual Friday recess was taken until 8 o'clock, the night session to be for the consideration of private pension and relief bills.

REVIEW OF TRADE.

R. G. Dun & Co.'s Weekly Commercial Summary.

New York, June 29.—R. G. Dun & Co.'s Weekly Review of Trade to-morrow will say: The great strike of coal miners has ended at most points, but another threatens to interrupt business most seriously for a time, though the number of hands engaged is comparatively small. Travel and traffic are well nigh arrested on about 29 Western roads already, and strikes are threatened on all roads which use Pullman cars. As the public and the railroads leasing the cars have no power to say what wages shall be paid at the Pullman shops and the receipts of that company from the railroads do not depend on the running of leased cars, it is difficult to calculate how long so peculiar a strike may last, or how far it may extend. On the whole other changes during the week have been for the better. Many manufacturing establishments which were stopped by want of fuel have resumed. The depletion of the treasury reserve has been checked by the voluntary deposits of gold by New York banks. Exports of gold have almost ceased. Congress has made much progress toward final disposition of the tariff question. Crop prospects grow better as the harvest draws nearer.

The resumption of work in mines and mills has made good progress, but the demand for products is as yet smaller and less urgent than was expected. Buyers apparently wait for lower prices of iron and steel products, which manufacturers are slow to give, in view of the increased cost of materials and production. Although the working force has evidently increased several establishments have stopped for want of orders or because no settlement regarding wages for the coming year has yet been reached. In the minor metals the tendency is toward weakness, but without much change in prices.

Speculation has tended toward lower prices in products and stocks. Wheat has declined 2 cents, the year closing with insignificant exports, for four weeks of June only 2,020,820 bushels from Atlantic ports against 9,017,451 last year, while Western receipts have been 5,020,880 for the same weeks against 8,810,913 last year a much smaller decrease. Corn has declined 7-8 cents, receipts being larger than that of wheat and a heavy crow is expected. Pork products are also a shade lower. Cotton has yielded a sixteenth as speculation against the enormous stocks in sight grows tiresome. In the stock market some advance resulted early in the week from the President's declaration of the purpose of the government and the strengthening of the treasury reserve but prices again declined as the railway strikes extended and railroad stocks average 20 cents per share lower than a week ago. Earnings in June before the strike had shown a decrease of 22.0 per cent, compared with last year, and the decline in east-bound lake or rail tonnage from Chicago is 38 per cent.

The volume of domestic business as shown in clearing house payments is 27.1 per cent. smaller for the week than last year, and at New York the decrease is 36.1 per cent. There is some improvement in the demand for commercial loans especially from the South, and sales of foreign exchange against products to be exported hereafter have much increased. This, with foreign buying of stocks after the action of the New York banks have weakened exchange so that gold exports for the week have been only 2,570,000. But customs receipts for the month have been only $8,751,467, and the years deficit will be about $80,000,000. A considerable deficit is expected in July.

No correct statement of failures for June or the half year is yet possible, but our weekly returns show gratifying improvements over last year. In June the failures have been about 950, and in the half year about 7,100. The aggregate of commercial liabilities only with part of June lacking has been $13,153,465, against $13,513,709 in May, $8,816,862 in April and $29,498,366 in the half year. At the East the liabilities were about $18,000,000, at the West $20,000,000, and at the South $25,000,000. The classified returns show about $41,000,000 of manufacturing and $52,000,000 of trading liabilities. In Canada the failures, part of June lacking, were 1,032, and the commercial liabilities over $9,000,000, about $6,200,000 being of trading concerns.

This week the failures have been 211 in the United States against 207 last year, and 15 in Canada, against 27 last year. Of late the number and importance of failures have increased a little, as is usual near the close of a half year.

New York Stock Market.

New York, June 29.—Money on call has been easy at 1 per cent. last loan, and closing offered at 1. Prime mercantile paper, 3 1-2@4 per cent.

The Pullman boycott, the engagement of $1,250,000 gold for shipment to Europe to-morrow, the poor May statement of the Burlington and Quincy and some selling for foreign account combined, brought about a lower range of prices at the stock exchange this morning. The loss outside of Denver and Rio Grande preferred, which fell 1 to 2 5-8, was insignificant, amounting to 1-8@1-2 per cent.

Rumor of whisky dissentions were current and the financial condition of the property was also the subject of gossip. On July 1 the company, among other things, will have to pay 2 1-3 per cent. dividend on $12,000,000 Brooklyn city stock. Speculation closed firm with prices anywhere from 1-8 to 1 1-4 per cent. above yesterday's finals. Missouri Pacific, Union Pacific and Louisville and Nashville, Northwestern, Burlington and Quincy, General Electric and Lead lost 1-8 to 1-4 per cent. on the day. The total sales were 88,000 shares. The bond market is weaker. Sales were $718,000.

CRIPPLE CREEK.

The General News of the Day in the Gold Camp.

REPUBLICAN LEAGUE DELEGATES

They are Royally Entertained by the Citizens—Met With Carriages—A Ride Around the Circle. A Banquet in the Evening.

Special to The Gazette.

Cripple Creek, June 29.—Sub-lessees on the south end of the Corolanus on Tuesday opened up the same rich ore chute recently discovered by Charles Gentry, about 125 feet away from the latter's shaft. The ore is of exactly the same type and appears to carry as much gold. This discovery emphasizes the importance of Gentry's find and stamps the Corolanus as one of the coming properties of the district.

One hundred and ninety-seven delegates of the convention of Republican League Clubs at Denver arrived in town at 5 o'clock this afternoon by way of the Midland railroad. They were met at Gillette by conveyances driven by citizens and taken around the Golden Circle, visiting a number of mines and looking over the district generally. At 5 o'clock the ladies served a bounteous luncheon in the Moynahan building. Speeches were made by the visitors in the evening at the Palace hotel, and at 8 o'clock they were conveyed back to the train. About 60, however, had their tickets extended, and will examine the district more particularly. They departed with the idea firmly fixed in their minds that Cripple Creek is beyond doubt the greatest gold mining camp on earth, and leads all competitors in entertaining guests.

The committees have finally disposed of most of the details for the celebration of the Fourth. They have agreed upon a programme which includes a parade by the militia, fire department and various societies. During the day there will be a fireman's race, and the exercises will close with a barbecue at 8 p. m. Excursion trains will be run from Salida, Denver and Pueblo, and Florence will attend in a body.

The men who engaged in the street row yesterday were fined by the police magistrate to-day. Young entered a plea of guilty to assault, and was fined $5. Begley was fined for carrying concealed weapons.

Gus Sanborn and company, lessees of the Cottontail on Gold hill, have a good showing in a drift run from the bottom of a 50 foot shaft.

Edward Skewes, lessee of the Gold and Globe claim on Gold hill, reports a better showing and a higher grade of ore than has heretofore been exposed in the mine. The property is being worked right along and some shipments will shortly be made.

Very good reports come from the Omega near the Caledonia, in Squaw gulch. There appears now no question that a pay chute of considerable extent has been opened. The lessees are stacking considerable quantities of high grade ore from surface work.

J. F. Burns, president and general manager of the Portland Gold Mining company, returned here Thursday. While in Denver he purchased for his company a complete steam hoisting plant which will be placed on the Bob Tail, on Battle Mountain as soon as it arrives. Plans are out for the commodious shaft house, the construction of which has already been commenced. The Bob Tail shaft is situated a short distance west of the Anna Lee. From present appearances this mine is destined to rival anything heretofore opened on Battle Mountain. The present shaft is going down through an ore body of which neither the side walls nor the bottom is yet visible, and like the large ore body of the Anna Lee, all of it goes through to market without sorting.

Seventy-six dollar ore was struck, the first of the week, in the Allison, the west extension of the Farewell, on the east side of Big Bull Mountain.

The Colorado Springs mill will receive the shipments of ore from Peck's Camp, or East Beaver, during the present week.

A sample of the pay streak in the bottom of the shaft on the Galena on Iron Mountain taken yesterday yielded $142.40.

There are more prospectors at work all over the district than there has ever been before.

The Moose is rising ore of a much better grade from the bottom of its shaft now than the mine has ever produced. Much of the ore shows free gold, something unusual for this property.

The C. O. D. has been quietly pounding away for a few days, and now has out another car-load of its best ore, which will go to the smelter to-morrow. Only six men are now employed in this property. Some dead work in the nature of connections will be finished before stoping on a large scale is resumed. It is expected that in the next 30 days the force will be largely increased, and the production of the mine will then be greater than ever.

Iowa State Band.

We take the following from the Chicago Record regarding the Iowa State band which will appear in a series of concerts at the Casino next week: "Of all the bands at the fair none has played a more conspicuous part in the musical programme than the Iowa State band, a wonderfully well-trained and thoroughly organized set of men, whose headquarters are at Des Moines, Iowa. This band is different from most others, inasmuch as it has a charter from the State legislature, being designated the official State band. It is under the leadership of Professor Frederick Phinney, who comes of a Massachusetts family, all of whom are thorough musicians. His father organized a great band in Plymouth, Mass., forty years ago, and somewhat later the famous Lynn band, of which his seven sons were members. So that Professor Phinney comes honestly by his musical ability. Under him the leader has fifty men, each of them a thorough artist. Among their numbers are players who were formerly with Liberati, Gilmore, the Marine band and other famous musical organizations of the world. It is no wonder, therefore, that the Iowa band has achieved in World's Fair musical history a place of which it may well be proud."

Dixon and Griffo Draw.

Boston, June 29.—The twenty-round contest at the Casino to-night between George Dixon, the world's feather-weight boxing champion, and Young Griffo of Australia, was a fine exhibition and both men proved themselves possessed of wonderful staying qualities. Dixon did nearly all of the leading throughout the contest, but was pluckily met by Griffo whose counters, while often times lacking in force, frequently bore fruit. His defensive work was of the highest quality and it is greatly to his credit that he was able to stand the fast and furious blows of Dixon for twenty rounds. The fight was declared a draw.

Weather Indications.

Washington, June 29.—For Saturday—Fair; southeast winds.

REPUBLICAN CONGRESSIONAL COMMITTEE.

Colorado Springs, Colo., June 16.

The members of the Republican congressional central committee of the Second Congressional district will hold a meeting at Canon City on Saturday, June 30, 1894, at 10 a. m., for the purpose of making the necessary arrangements for holding the congressional convention and the transaction of other business of importance that will come before the meeting.

It is desired and urged that members attend in person rather than by proxy. A full attendance is urged. The lady delegate from each county is cordially invited to attend.

F. W. HOWBERT, Chairman.
F. P. SHEAFOR, secretary.

THE RAILWAY STRIKE.

One strike is scarcely over before another begins. Our temple of Janus, if we had one in this country, might stay open as long as that in ancient Rome. The militia service will soon become a regular service, if things go on as they have been going.

This strike began in the town of Pullman in Illinois. The men who were employed in the car shops there struck because the company lowered their wages, and would not lower their rents. So far, they were perfectly justified in their action, and public sympathy was and is with them.

Then began the sympathetic strike of the railway men, who first refused to handle Pullman cars, and then resolved to tie up any road on which Pullman cars have been used—passengers, freight and everything—unless the railway company concerned will break its contract with the Pullman company, and refuse to haul any more of its cars. At the time of this writing, that seems to be as far as the strike has extended; but if it is like all other strikes, the next thing will be to prevent the railway companies, by force and violence if necessary, from obtaining other men to run the cars which the strikers have refused to run. Then the real trouble will begin.

It seems to be taken for granted now, in any strike, that the men who are striking will take possession of the property they were working on until the owner comes to terms, and use force to prevent him from getting anybody else to work. This is not called robbery: it is called making the strike effective.

Furthermore, it is now taken for granted that in every strike the men who are out will beat, mouse, and kill if "necessary," any men who attempt to do the work which the strikers have abandoned. That has come to be the usual course of procedure; and the people of this country have become so used to it that it is seldom that any effective protest is made against what if done by anybody but men out on a strike, would be summarily dealt with by the officers of the law.

It is hard to tell whether the people of this country in general are getting tired of this sort of thing; but as for us, we have been tired of it for a long time. We think that recent events in this neighborhood have made the people of this part of Colorado tired of it, too. We hope that all the people everywhere will soon get so tired of it that they will stop it. If it were not for the encouragement received from public sentiment, violence in connection with strikes could never be successful. Time and time again the people have had fearful object lessons in the necessity of repressing lawlessness at its very beginnings. It was so at Pittsburg in 1877, where the county paid $3,000,000 because a large majority of the population had sympathized with the strikers, and encouraged them to hold the property of the company until they got their rights. It has been so in almost every great strike since. We do not know when the people of this country will learn the lesson that lawlessness is the most costly thing on earth; but they are stupider than we take them for if they do not learn it pretty soon.

We know well that in this State the only thing at issue in our campaign this fall is law and order against anarchy; the fact is, that, although the issue in very few other States is partisan, this question is the fundamental one in almost every State in the Union to-day. The poison of socialism and anarchism has been stealing into the veins of the whole body politic, east and west, north and south, and the most serious question before the whole people to-day is not whether we shall have free wool, or even free silver, but whether we shall have a republic; not whether our government shall be Republican or Democratic, but whether we shall have any government at all.

"It will all come out right in the end" has been the usual answer to all predictions of ill or warnings of danger to come. Well, it all did come out right in the end, in 1865—in one sense of the words; but at what a fearful sacrifice! Maybe it will all come out right in the end now, but unless our people wake up in time to the magnitude of the danger which confronts them, it may take another civil war, more fearful than the last, to make the right triumphant.

The First National Bank of this city celebrates this week its twentieth birthday; and as the official notice shows which is published in another place in this paper, it has obtained a new lease of life for twenty years longer. This is an institution of which our city is justly proud. During the crash of last summer it stood like a rock, and it never occurred to any one to doubt its perfect stability. Its management has always been careful and conservative, so that to-day it is one of the soundest banks in America. At the same time it is one of the most liberal and public-spirited of our business concerns. Whenever a subscription is needed for some good public purpose, this bank is counted upon, and never in vain. Its accommodation to holders of county or city warrants, and to business men, has been of the most generous character. In short, it has done more for the financial prosperity and material advancement of our city than any other one institution among us. May its next twenty years be still more prosperous than the past twenty years, and may its influence always continue to be powerful for the best interests of the community.

The Pullman boycott which is now on, bids fair to be most disastrous to the coming session of the Summer School.

Two agents of the school, Mr. P. K. Pattison, the financial secretary, and Mr. Baker, principal of the Liller school, have spent some weeks in Kansas and Nebraska making up parties of teachers from those regions to attend the school. It looks now as if the present trouble would prevent most of them from attending, and the Summer School will be the sufferer.

If the citizens of this town appreciate the efforts which have been made to establish among us a Summer School surpassed by none in the country, they will not show themselves to be lacking in the emergency.

The expenses of the school are heavy and tickets must be sold. Every course is well worth the price charged. The office of the school is with the Chamber of Commerce, where all particulars may be had.

The Republicans of the county will be gratified at the appointment of Mrs. C. A. Eldridge of this city on the State Executive Committee. She will be a most faithful and valuable member.

The Leaguers have the freedom of the city to-day. We are glad to see them, and wish they could stay longer.

Royal Baking Powder

ABSOLUTELY PURE

His Fatal Blunder.

"Yes; he was the slickest pickpocket and confidence man that ever preyed on a community. He was rather slight and effeminate in his looks, and one of his favorite games was to dress up as a woman and work the street cars. He followed that for years, but made an unlucky break one day and got nabbed."

"How was that?"

"He was in a hurry to get off a street car and forgot to get off backward. A cop who happened to be looking at him knew at once he wasn't a woman and ran him in."—Chicago Tribune.

Water Licenses

Must be paid before July 1 to avoid additional expense. ATTENTION is called to the following provisions of the ordinance concerning the collection of water rents, which was sent to ALL WATER TAKERS in notice dated June 1:

"If the water license is not paid before July 1, 1894, there will be an additional charge of 5 per cent. per month from June 1, 1894, until paid."

"All delinquent water rents due prior to June 1, 1894, will be subject to the same penalties and charges, as above mentioned, from that date until paid.

MOSES T. HALE,
City Treasurer.

When my little girl was one month old, she had a scab form on her face. It kept spreading until she was completely covered from head to foot. Then she had boils. She had forty on her head at one time, and more on her body. When six months old she did not weigh seven pounds, a pound and a half less than at birth. Then her skin started to dry up and got so bad she could not shut her eyes to sleep, but laid with them half open. About this time, at the earnest request of friends, I started using the CUTICURA REMEDIES, and *in one month she was completely cured.* The doctor and drug bills were over *one hundred dollars*, the Cuticura bill was not more than *five dollars.* My child is now two years old, strong, healthy and large as any child of her age (see photo) and it is all owing to CUTICURA. Yours with a Mother's Blessing,

ROCK ISLAND.

HALF RATES

To all points within 200 miles for the "Glorious Fourth" via Rock Island.

Through tourist sleeper to Boston every Friday evening via Rock Island.

Sixty hours to New York City via Rock Island.

WHY TAKE THE WABASH

For St. Louis?

Because it is the shortest line, the best equipped line, runs free chair cars, buffet Pullmans, and gives you ample time in Kansas City for supper.

For Toledo or Detroit?

Because it is the shortest line; avoids transfer across the city in case you are going further east, and makes close connections with all trunk lines.

For New York or Boston?

Because it has solid through service from both Chicago and St. Louis via Niagara Falls; gives forty minutes stop at the falls at seasonable time in the morning.

For all other Eastern Points?

Because its service is uniformly good and you can make no mistake in asking for tickets via the Wabash. C. M. HAMPSON, Commercial Agent, 1224 17th St., Denver.

TEACHERS' EXCURSION.

To Asbury Park and Return—One Fare.

The Burlington Route has been designated as the official line from Colorado for the excursion to the National Educational Association, to be held at Asbury Park, N. J., July 10th to 13th. The low rate of one fare will be made for the round trip from all Colorado points. The official train will leave Denver at 9 p. m., July 5th, and all those who desire to accompany the excursion party and wish to secure through sleeping car accommodations in the special Pullmans should send in their names at once to W. E. Knapp, 1207 South 11th street, or R. H. Beggs, 2427 Ogden street, Denver, who have charge of the excursion.

This low rate however, is open to everyone, and all those who wish to avail themselves of it can purchase tickets July 5th, 6th and 7th, good to return from Chicago July 29th. Parties purchasing tickets by the Burlington Route secure the advantages of fast vestibuled trains leaving Denver daily at 9 p m., affording better accommodations and much quicker time than any other line. For full information call on J. M. Ellison, local ticket agent, or address G. W. Vallery, General Agent, 1039 17th st., Denver.

What could be more comfortable than a trip to New York via New Orleans, by taking the through sleeper to New Orleans via the great Rock Island and steamer from that point. Call at City Ticket office, 12 Pike's Peak ave., for full particulars.

[Denv]er, June 29.—Following are the [price]s and sales on the Colorado [Mining] Stock Exchange to-day: [illegible] and Alamo at 163-1; 400 Am[illegible] 1 2; 5000 Bob Lee at 1 7-8; 1000 [illegible] at 1 7-8; 1000 Creede and Cripple [Cre]ek at 1; 1000 Fanny Rawlins at [illegible]; 10,000 Golden Dale at 1-4; 2000 [illegible] 1-8@2 1-2; 2000 World at 2.

From the Weekly Letters.

[To] every indication the outlook re[mains] practically unchanged," says F. [illegible] tell, "from a mining stock spec[ulative] standpoint, regardless that most [of the] leading companies are increasing [their] working forces. Apparently stag[nation] predominates in every thing. [illegible] little indication of an early im[provem]ent. It is a pity that many sen[sational] publications could not be sup[pressed l]ong enough for Cripple Creek to [recover] from the bad effects occasioned [by] recent unpleasantness. We would [like to re]gain eastern confidence and mat[ters would] at once exhibit an improve[ment]. It would appear that many of the [illegible] take infinite delight in cir[culating] any and all unfavorable rumors [that come] to their notice. Why this ten[dency] is so apparent few can understand. [The sa]me principles govern during boom [times], and in consequence, stocks fre[quently] naturally advance far beyond [value], and a general break invariably [follows].

[The]re were two exceptions on the [market] during the past week, namely: [Jack] Pot and Union. But sellers and [buyers a]re in such perfect harmony that [it has re]sulted in a large volume of trad[ing with]out any increase in quotations."

[Professor] Lakes on Balfour.

[In a] descriptive article on Balfour, Pro[fesso]r A. C. Lakes, of the State School [of Mines] has this to say:

The new gold camp of Balfour is lo[cated] toward the northwest end of this [illegible] area, on the south extremity of [South] Park, and though gold, and a good [deal of] pyrites and other mineral signs [have] been found; nothing as yet has [been] developed in paying quantities.

[From] our perch on the Peak, looking [illegible] area, it has a very volcanic [look]. The tint is a prevailing brown, [and] there little castles of lava stand [and] lava table lands. Knolls and [illegible] doubtless represent relics of dykes. [Th]is is to sedimentary rock in this [area], but lava has come up through [and] spread over bare granite, and been [pro]perly eroded into various forms [such a]s castles and tables, by water or [illegible] of this lava may prove to be [the sam]e as Buffalo Peaks toward the [illegible] part of the region are certainly of [illegible] andesite.

[Of] importance we attach to this vol[canic] area is that outside of the Cripple

Creek district, this seems the most likely gold prospecting ground of the future.

"This volcanic area is bounded on the north by the grassy meadows of South Park, into which several long dykes extend. On the south and west by the walls of the Grand Canon of the Arkansas river, and by the Mosquito and Sawatch ranges, and on the east by Four Mile canon. To the south we see the Wet Mountain ranges and towering above them, separated from them by the Wet Mountain valley, the beautiful glacier carved, serrated and snow capped peaks of the Sangre de Cristo mountains."

Current News.

P. H. Pettingell went to Canon City last night.

Sixty tons of ore were shipped from a single Granite mine last week to be milled at Buena Vista.

A message was received from Superintendent Shamwell of the Golden Eagle stating that they were in good $30 ore.

The Boston and Colorado Smelting company, owners of the Argo plant, pays a quarterly dividend of 2 1-2 per cent. July 2.

Ore assaying $2,000 has been struck in the Gettsburg lode of the Jack Pot company, on Raven hill. It is an extension of the Elkton vein.

Crystalized quartz resembling that on Raven hill and assaying $1,800 has been struck in the Copper Mine lode, on Spring creek, Cripple Creek.

There are rumors that representatives of New York gold shippers are purchasing gold in Gilpin and other gold producing counties, paying a very slight premium over the mint price.

Seventy men have been laid off at the Amethyst mine, Creede, as the low grade is not profitable at 63 cents, and some development is needed before more high-grade can be taken out.

The new find in the Gettsburg lode, belonging to the Jack Pot company, has been assayed by Doyle of Anaconda, and it gave a value of 1636 ounces in gold, or $2,733.40 per ton. It is a permanent vein and undoubtedly the extension of the wonderfully rich Elkton vein.

The stockholders of the town company at Balfour propose to take a hand in the development of the camp, and to that end will sink a shaft on a property to be selected, promising to most quickly develop into a mine. This is a commendable enterprise.

Among the mines at Cripple Creek that have been troubled with bad air is the C. O. D. The connection of the old workings with the air shaft has just been made and this drawback is now remedied. Ore is once more being brought to the surface.—[Record.

The Michigan Pipe Line Company, one day last week while cutting a trench for one of their mains on the heights above town, opened a well-defined vein, quartz from which, when pulverized, readily pans free gold. McCroskey of Pike's Peak lease fame, has purchased a number of lots on which this find was made and is sinking a shaft thereon.

The end of the track of the Florence and Cripple Creek road is now just 5000 feet from the site of the depot in Cripple Creek. The point reached is the Blue Bird mine, just above the town of Anaconda. The road will probably be completed and trains running by Monday night.

AYER'S PILLS

"For fifteen years, I was a great sufferer from indigestion in its worst forms. I tried the skill of many doctors, but grew worse and worse, until I became so weak I could not walk fifty yards without having to sit down and rest. My stomach, liver, and heart became affected, and I thought I would surely die. I tried Ayer's Pills and they helped me right away. I continued their use and am now entirely well. I don't know of anything that will so quickly relieve and cure the terrible suffering of dyspepsia as Ayer's Pills."—JOHN C. PRITCHARD, Brodie, Warren Co., N. C.

The Gazette has a larger circulation in Colorado Springs than all other daily newspapers combined.

The taxes for the second half of the year are due on July 1st.

The excitement on Cucharras street yesterday centered in a runaway.

Police Judge Owen is on the sick list and consequently no cases came up in the police court yesterday.

A marriage license was issued yesterday to John W. Matthews and Miss Ida Propst, both of Victor.

The prizes for the bicycle meet on the Fourth are artistically arranged in A. S. Blake's window.

Mrs. F. E. Robinson and children left last evening for a trip to the east, and will spend the summer near Boston.

The latest thing on the streets is a "bicycle built for two." These are very handy for a young man and his young lady.

Messrs. Corley and Diggs, representatives of the St. Louis Republic, who are in the city in the interest of their paper, will spend some time in Colorado.

Mr. St. George Tucker, who has been a student at William and Mary college in Virginia for the past two years, has returned home for the summer vacation.

Deputy sheriffs are reported to have arrested two of the "Soapy" Smith confidence gang at Colorado City last evening, but upon what specific charge could not be learned.

The ladies who subscribed to the support of the "Cottage Home" at Denver are requested to leave their subscriptions at the W. C. T. U. headquarters as soon as possible.

The league of National clubs elected Harry E. Insley of this city national vice-president for Colorado. W. K. Burchinell was elected a member of the executive committee.

The Santa Fe carried a train load of the delegates to the Republican League convention, on a trip to Cripple Creek yesterday. They passed through here yesterday morning.

A prize gold medal is to be offered for the rider who breaks the record in the Novice race at the Country club grounds on the Fourth of July. The wheelmen claim the record for the world will be beaten.

Rev. E. Banks Dillard, D. D., the evangelist from St. Louis, will speak at the rally Sunday afternoon. Mr. C. M. Keeler, one of the famous Iowa male quartette, will sing at that meeting. All young men are most cordially invited.

Chairman Trowbridge of the Populist party yesterday left a list of the members of the party residing in various precincts of the county in the hands of the county commissioners, from which they are requested to select judges for the election next fall.

The Antlers entertained the guests of the house last evening with a ball. There was a crush of people and it was the largest and most pleasant event of the summer season so far. The house was full of the Republican delegates and many were present from the city.

Mr. Thos. Gough, the well known baker and confectioner, will have charge of the refreshment room at the Broadmoor Casino next week during the concerts by the Iowa State band. Tables will be placed in the Casino dining room and all the delicacies of the season will be served.

The Colorado State Normal institute for the Fifth district meets in this city in annual session July 9 to 20. The session will be held in the High school building and a large attendance is anticipated. Mr. Finch is making every arrangement for the comfort and entertainment of the visitors and an excellent programme is promised.

Thursday night a crowd of men hired one of Crumley Bros.' hacks at Colorado City to take them to Roswell. The hack was in charge of a young boy and upon arrival at Roswell the men got out and one of them drew a gun and ordered the driver to clear out without his money. The men are known as employes of the railroad at that point and they will be prosecuted.

Mr. Vidler hopes to secure the meeting of the Alter Coursing club for this city this fall. It is proposed to secure a lot of several acres and put young rabbits in it. When turned loose they will then be practically wild and on their own ground. It is thought that this will meet all the objections of the Humane society to the inclosed coursing.

The Iowa State band is drawing large crowds of people to Arlington park in Denver every afternoon and evening. They will arrive in this city next Monday forenoon by the Santa Fe road and will march from the depot to their hotel, playing on their way up. Their engagement at the Casino begins Monday afternoon. The concerts will begin at 3 p. m. and 8 p. m.

Mr. L. W. Busbey, political editor of the Chicago Inter Ocean, was a visitor in the city yesterday and The Gazette had the pleasure of a call from him. Mr. Busbey is reported to have the largest acquaintance with public men of any newspaper man in the country. He is traveling with President Tracy and wife of the National League clubs in their private car. They leave Manitou for Chicago today.

The U. P. D. & G. will on July 1st, change its time so as to afford much better service at this point than heretofore. Its trains will leave as follows: For the south at 1:20 p. m. and for Denver at 2:20 p. m. The Gulf will then be five hours the shortest route to Texas points. It is the only line running its entire train solid from Colorado Springs to Ft. Worth, Tex., and has buffet Pullman cars to New Orleans and Houston.

George Mooney is a slick bicycle thief wanted in Pueblo. He managed to escape from the city jail here after being caught by the police and was then captured by the Manitou police. He managed to get out of the city jail at that place, but was caught again by Marshal Elrick. He is now safely lodged in the city jail in a strong cell.

The leaguers were in town yesterday, several hundred strong. They are enthusiastic over Colorado Springs, and sorry they stayed so long in Denver before coming here. A party of them, including President Tracy, were entertained last evening at the El Paso club by Mr. W. A. Platt.

Among the distinguished Republicans in the city last night were Hon. Thomas H. Carter, chairman of the National Republican committee; Robert E. Fisk, editor of The Herald at Helena, Mont.; Hon. H. G. Haldiam of Butte, and Senator W. F. Sanders of Helena. Montana was well represented at the convention.

Next Wednesday night the bicyclists will have their big "lantern" parade. The visitors in the city will participate and it will be a spectacle worth seeing. Captain Wahl desires that every rider, male and female, in the city participate. The start will be made from the Freeman block which will be headquarters for the bicyclists during their stay. The Wilbur Dry Goods people have sent away for some large Chinese umbrellas that may be carried over the bicycles. People who want pointers regarding the decoration of their wheels can have the information by calling on Wahl & Davis. Paper festoons are the chief article of decoration in these parades.

Before Judge Downer yesterday trial of the case of the People vs. Leonard and La Fever, charged with the murder of a man named Gardner at the Summit mine in Cripple Creek last winter, was begun. There were three men charged with the crime originally, the third being Pitney. He was acquitted of the charge last month. Leonard and Gardner were the principal witnesses against him. District Attorney Cochran is prosecuting, assisted by J. K. Goudy. The prisoners are defended by J. Reed Crowell and Judge Johnson. After eleven jurymen had been called yesterday the panel was exhausted and the court adjourned over until this morning to permit of a special panel. The eleven men were taken in charge by a bailiff for the night.

Summer School.

It has been the desire of the management of the Summer school to make the course in science especially attractive, and the prospectus shows that this has been accomplished. In geology Professors Stone and Cragen of our own city, and Professor A. E. Lakes of Golden have charge of the work. In a locality like this no one can afford to remain ignorant of the forces which have been at work in making it what it is, and no better opportunity can be offered to study them than under these gentlemen.

Dr. Bessey of Lincoln, Neb., who has the work in botany, is probably better known in his branch, than any other man in the country. Besides being an eminent scholar he is a charming speaker, and cannot help but make his course an interesting one.

Mr. Gillett of the State Agricultural college offers the course in zoology. His specialty is entomology, a subject which is of no little importance to citizens of this insect infested region.

W. F. McKeehan will sell to-day 25 pounds granulated sugar for $1, with an order for $3 of other goods. Live spring chickens, 3 for $1; live hens, 40c each; fresh cherries, 3 boxes for 25c. Panic prices still rule on groceries. Railroads all tied up lay in a stock while you can.

A handsome "Spider" phaeton of the Hooker make, is for sale at a bargain at Hundley's livery stable.

County Guns.

All guns and supplies belonging to El Paso county must be turned in at once. Take same to county jail and get receipt.

Parties holding receipts from the county for guns are requested to call at jail and get their property. M. F. Bowers,
Sheriff.

Miss F. L. Thomas, 128 Pike's Peak avenue has made a great reduction on trimmed hats.

In order to reduce her large stock of trimmed hats now on hand, Miss F. L. Thomas, 128 Pike's Peak avenue, will continue her cut sale for a few days longer.

A GREAT GOLD CAMP.

Yankee Hill, nine miles distant from Central City, is becoming prominent as a gold camp, and bids fair to rival some of the older camps in the state.

Take the U. P., D. & G. Ry to Central City, from which point stages run daily connecting with Denver trains.

FOURTH OF JULY RATE TO CRIPPLE CREEK.

Going Out of Business.

The entire stock of the Famous Shoe House is to be closed out. Having fully decided to discontinue the shoe business in this city I now offer my entire stock of shoes and store fixtures at eastern wholesale cost and less in order to close out as soon as possible. I shall offer great inducements to purchasers. In order to make this sale genuine I will in no case allow one penny more added to the price of a single item than actual eastern cost. It will pay you to call and look through whether you buy or not. You can do so without trouble to yourself or salesmen, as I have every kind of shoe in my stock so arranged with former and present cost price marked on each in plain figures, so that you can see for yourself. If you want shoes don't get left, but come at once and get full benefit of this sale while every department is complete and sizes good.
